Dear Mr. Ruelokke:

Re: Recommendation # 12 - Night Flying

Dear Mr. Ruelokke:

As per the commitment made at our meeting of July 16th, the Operators have attached the report "Return to Night Passenger Transport Operations" for your review. As was agreed the report focuses on addressing the recommendations of the OHSI Implementation Team advising document for Recommendation #12 of the Offshore Helicopter Safety Inquiry Report.

We are ready to discuss the contents of the report and other issues regarding returning to night operations.

Regards,

Dwayne Zeller
