**Re: EA Amendment - Statoil Canada Limited Exploration/Appraisal/Delineation Drilling Program CEAR # 07-01-32083**

---

Statoil Canada Ltd. (Statoil) submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) an amendment to the May 2008 *“Environmental Assessment of StatoilHydro Canada Ltd. Exploration and Appraisal/Delineation Drilling Program for Offshore Newfoundland, 2008-2016”* report for the exploration and delineation well drilling program in the Newfoundland and Labrador Offshore. The *“2016 Amendment to the Environmental Assessment of Statoil Canada Ltd. Exploration and Appraisal/Delineation Drilling Program for Offshore Newfoundland, 2008-2016”* (Statoil June 2016) addresses changes in the scope that were originally assessed in 2008, in particular: an extension of the temporal scope; an increase in the overall number of wells; modifications to decommissioning of wellheads; and the inclusion of batch drilling.

The C-NLOPB requests that you review the enclosed EA Amendment and provide comments no later than **July 22, 2016**. If no reply is received by this date then the C-NLOPB will assume that you have no comments. If you have any questions regarding the EA Amendment, you may contact me at (709-778-1431 or [dhicks@cnlopb.ca](mailto:dhicks@cnlopb.ca)).

Yours truly,
