Reference: Equinor Canada Ltd. – 2018 Environmental Assessment Update

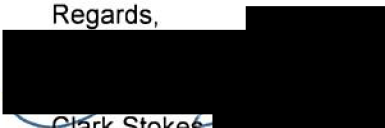

Dear Mr. Hicks:

Equinor Canada Ltd. (formerly Statoil Canada Ltd.) hereby submits "*Equinor Canada Ltd. – Newfoundland and Labrador Offshore Area 2018 Environmental Assessment Update.*"

In support of ongoing activities in the Flemish Pass Area, Equinor Canada is will be undertaking a seabed survey in the area. The EA update addresses planned activities for 2018. The scope of these activities has been assessed under "Environmental Assessment of StatoilHydro Canada Ltd. Exploration and Appraisal/Delineation Drilling Program for Offshore Newfoundland, 2008-2016" and "Environmental Assessment of Statoil's Geophysical Program for Jeanne d'Arc and Central Ridge/Flemish Pass Basins, 2011-2019" and associated amendments.

If you have any questions or enquires related to the attached EA update, please contact Kim Coady at 709-738 8745 or kcoa@equinor.com

Regards,

Clark Stokes
Leader Safety and Sustainability Management
Equinor Canada Ltd.
