Dear Mr. Delong:

**Re: Petro-Canada Jeanne d'Arc Basin Exploration Drilling Program, 2009 - 2017  
Environmental Assessment Report**

---

The Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB), in consultation with the Board's fishery and environmental review agencies, have reviewed the above referenced environmental assessment (EA) report.

The environmental assessment document does not satisfy all of the information requirements outlined in the Scoping Document provided to Petro-Canada on November 19, 2008. In order to satisfy the requirements of the *Canadian Environmental Assessment Act* (CEA Act) and to complete the Screening Report, the attached comments should be addressed.

You may contact me at your convenience to discuss these comments. I can be reached at (709-778-4232 or [eyoung@cnlopb.nl.ca](mailto:eyoung@cnlopb.nl.ca)).

Yours truly,
