**Re: Petro-Canada
Jeanne d'Arc Basin Exploration Drilling Program 2009-2017 (CEAR # 08-01-42400)
Federal Coordination Regulations Section 5 Notification**

Petro-Canada has submitted to the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) a project description for a proposed exploration drilling program at various locations in the Jeanne d'Arc Basin area (the Project). The C-NLOPB determined that the Project would require an authorization pursuant to Section 138(1)(a) of the *Canada-Newfoundland Atlantic Accord Implementation Act* and Section 134(1)(a) of the *Canada-Newfoundland and Labrador Atlantic Accord Implementation Newfoundland and Labrador Act*.

The attached project description outlines the activities proposed for the Project to be undertaken from 2008 through to 2016. **However, subsequent to the project description being submitted to the C-NLOPB, Petro-Canada has changed the temporal scope of the proposed project from 2008-2016 to 2009-2017. Project activities are now scheduled to commence in 2009.**

A draft scoping document is attached for your review and comment. Comments should be forwarded to the undersigned on or before **November 13, 2008**.

The C-NLOPB has determined, in accordance with paragraph 3(1)(a) of the *Regulations Respecting the Coordination by Federal Authorities of Environmental Assessment Procedures and Requirements* (FCR), that an environmental assessment of the project under section 5 of the CEA Act is required. Pursuant to Section 12.2(2) of CEA Act, the C-NLOPB is assuming the role of the Federal Environmental Assessment Coordinator (FEAC) for this screening.

This letter seeks, pursuant to the FCR, to identify the departments or agencies that may have obligations as responsible authorities or as federal authorities and to set a timetable for conducting a screening.

Timing of Assessment

The C-NLOPB requests that the screening be carried out in a timely a manner as possible, and propose the following schedule:

Federal Coordination Request – determination of RA responsibilities	Response by November 13, 2008
Review of draft EA	Response approximately 6 weeks after receipt of document.
Review of revised EA or addendum, if required	Response approximately 3 weeks after receipt of document
Preparation of EA determination by Responsible	3 weeks for completion (may commence during review)

CEA Act Federal Coordination Regulations - Section 5 Notification

- Pursuant to section 5 of the CEA Act Federal Coordination Regulations, the C-NLOPB requests that you review the attached information and inform the C-NLOPB by **November 13, 2008** of your determination pursuant to subsection 6(1) of the CEA Act Federal Coordination Regulations.
- If you determine that you are likely to require an environmental assessment of the project, please advise the C-NLOPB of any approvals or authorizations to be exercised by your department or agency.
- If you determine that you are in possession of any specialist or expert information or knowledge pursuant to paragraph 6(1)(c) of the CEA Act Federal Coordination Regulations, please advise the C-NLOPB of the nature of that information or knowledge and the person to contact for assistance by **November 13, 2008**.

A "Faxback Response Form" has been provided for your convenience. If no response is received from you by the date indicated above, the C-NLOPB will assume that your department or agency has no responsibility to undertake an environmental assessment and is not in possession of specialist or expert information or knowledge.

Species at Risk - Section 79(1) Notification of Competent Minister

Pursuant to Section 79(1) of the *Species at Risk Act (SARA)*, the C-NLOPB hereby informs the Minister of Environment and the Minister of Fisheries and Oceans (the Competent Ministers) that the following Schedule 1 Species are likely to be in the project area under the jurisdiction of the C-NLOPB. A determination of the likelihood of adverse affects on these species will be undertaken during the screening process.

- Endangered: Turtle, Leatherback (*Dermochelys coriacea*)
Whale, Blue (*Balaenoptera musculus*)
Whale, North Atlantic Right (*Eubalaena glacialis*)
- Threatened: Wolffish, Northern (*Anarhichas denticulatus*)
Wolffish, Spotted (*Anarhichas minor*)
- Special Concern: Gull, Ivory (*Pagophila eburnea*)
Wolffish, Atlantic (*Anarhichas lupus*)
Whale, Fin (*Balaenoptera physalus*) (Atlantic population).

If you have any questions on the attached, or wish to discuss the above, I may be reached at 709-778-1431 or via email at kcoady@cnlopb.nl.ca.

Yours truly,
