Attention: Mr. Adam Miller

24, November 2015

Dear Mr. Miller

RE: Polarcus Newfoundland Multiclient Campaign 2016

This letter is to advise the Canada Newfoundland and Labrador Offshore Petroleum board that Polarcus will be seeking approval from the C-NLOPB for a Geophysical Program Authorization within the board's jurisdiction in the 2016 season

Polarcus Limited OSE: PLCS is an offshore geophysical company operating a fleet of seismic research_vessels worldwide. The company describes itself as having a strong environmental focus that aims to decrease emissions to both sea and air. Polarcus vessels have received high energy efficiency and environmental performance ratings.

Polarcus Amani Seismic research Vessel

Polarcus provides worldwide seismic data acquisition services and Multi-Client library data as well as seismic data imaging to help energy companies find oil and gas reserves offshore. The company was founded in 2008 in Dubai, UAE.

Polarcus anticipates filing a project description prior to the end of the month.

With reference to the above mentioned survey project, please be advised that Polarcus have contracted RPS Canada Ltd. to act as the Canadian Lead Consultant for this program. Please ensure that all correspondence is directed to RPS on our behalf.
