Ms. Darlene Davis  
Canadian Lead Consultant  
RPS Canada Ltd.  
1310 Hollis Street  
Halifax, NS  
B3J 3P3

Dear Ms. Davis:

**Re: Polarcus UK Ltd. Eastern Newfoundland Offshore 2D, 3D, 4D Seismic Program, 2015 to 2022 Environmental Assessment**

---

In accordance with Section 138(1)(b) of the *Canada-Newfoundland Atlantic Accord Implementation Act* and Section 134(1)(b) of the *Canada-Newfoundland and Labrador Atlantic Accord Implementation Newfoundland and Labrador Act* and based on the information presented in the "*Project Description Marine 2D/3D/4D Seismic 2016-2022 Survey*" (RPS Canada Ltd. December 16, 2015), the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB) has determined that an environmental assessment is required for the proposed offshore seismic survey.

The C-NLOPB has determined the scope of the project, the factors to be assessed, and the scope of those factors (the Scoping Document). A copy of the Scoping Document is attached for your information and use in preparation of the environmental assessment report. Please note, as stated on page 2 of the Scoping Document,

***The C-NLOPB formally delegates the responsibility for preparation of an acceptable environmental assessment report and any supporting documents to Polarcus UK Ltd., the project proponent.***

During the review of the draft Scoping Document, regulatory agencies provided review comments. These comments have been consolidated and are attached for your consideration in the preparation of the environmental assessment report. The C-NLOPB encourages the proponent to visit the project webpage <http://www.cnlopb.ca/assessments/polarcus.php> to review the individual submissions.

If you have any questions regarding the environmental assessment process, or wish to discuss the Scope of Project or the attached comments, I may be reached at 709-778-1431 or via email at [dhicks@cnlobp.ca](mailto:dhicks@cnlobp.ca).

Yours truly,
