Subject: RE: Polarcus UK Ltd. Eastern Newfoundland Seismic Program, 2016-2022

Hi Darren,

Transport Canada has reviewed the project description and has determined that all project vessels must comply with the applicable regulations under the Canada Shipping Act, 2001 (CSA 2001) and applicable International Maritime Organization (IMO) standards.

More specifically:

- Project vessels registered in Canada must comply with all applicable provisions of the Regulations pursuant to the CSA 2001. In addition, the operation must comply with provisions under the Maritime Occupational and Health Regulations pursuant to Part II of the Canada Labour Code.

Page 1 of the Polarcus Project Description: Navigable Waters Protection Act is now called Navigation Protection Act.

Given the above advice, there is no need for TC-Environmental Affairs to be further involved in CNLOPB's environmental review process for this proposal. Please feel free to contact me if you have any questions.

Subject: Polarcus UK Ltd. Eastern Newfoundland Seismic Program, 2016-2022

Hello all: please see the attached Project Description, Draft Scoping Document and letter requesting comment and identification of expertise for the proposed Polarcus UK Ltd. Eastern Newfoundland Seismic Program, 2016-2022. The C-NLOPB has requested comments by close of business January 22, 2016. If no comments are received by this date the C-NLOPB will assume you have no comments on the project.

If you have any questions please feel free to contact me.

Regards
Darren
