EAST OF NEWFOUNDLAND AND LABRADOR**
Technical Advisory Group (TAG) Session on *Commercial Fisheries*
September 9, 2019
QUESTIONS AND ITEMS FOR DISCUSSION
PARTICIPANT INPUT FORM

Name and Affiliation : _____

1) Key fishing activities and areas

- a) Are there any key fishing activities, locations and times that you would like to identify, including any particularly important and sensitive areas within the Study Area (current and potential future fisheries)?

2) Fisheries information and datasets

- a) Do you have any suggestions for fisheries related datasets and information sources that should be considered in the Regional Assessment (current and future fisheries)?
- b) Do you have any suggestions for the analysis, use and presentation of fisheries data in the Regional Assessment?

I would like to have DFO issue the catch data earlier to planning purposes. For example the latest crab data I have is from 2016 and turbot data from 2017.

3) Potential interactions between offshore exploratory drilling and fisheries

- a) In addition to the issues and interactions listed in the backgrounder for this session, are there any others that should be considered in the Regional Assessment?

4) Existing and potential mitigation and follow-up requirements

- a) In addition to the standard measures listed in the backgrounder for this session, do you have any suggestions for any required new or different ones?
- b) Do you have any suggestions for issue- or situation-specific (certain activities, areas, times) measures that should be considered?

5) Do you have any other input or recommendations that you would like to provide to the Committee on this topic?

Since commercial fisheries is important to this province there should have been somebody from the provincial government that attended the session as well.
