Virginia Crawford,

Re: Regional Assessment: Draft GIS Decision Support Tool now available

This letter to acknowledge your general email sent February 3, 2020 where you advise the Regional Assessment Committee has released the first version of the Geographic Information System decision-support tool developed as part of the Regional Assessment of Offshore Oil and Gas Exploratory Drilling East of Newfoundland and Labrador.

Federal activities can impact rights. Please note that due to capacity reasons, Sipekne'katik is not able to participate in Federal consultation activities at this time.

Sincerely,

<Original signed by>

Chief ~~Michael~~ P. Sack
