RE: Project Description for Seitel East Coast Offshore Seismic Program, 2016-2025

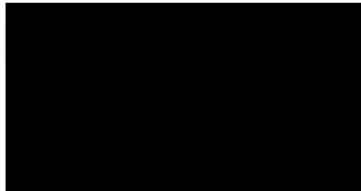

Dear Ms. Young,

Seitel Canada Ltd is pleased to submit, for your consideration, our proposed 2D, 3D and 4D seismic data creation projects.

The accompanying document provides a project description illustrating the framework for our projects as well as the implementations underway to properly fulfill the C-NLOPB's environmental assessment requirements.

On behalf of Seitel Canada Ltd, we look forward to this process and our ensuing projects. I encourage you to contact me at any time for additional clarifications or information.

Sincerely,

Vice President, Business Development
Seitel Canada Ltd.
