Dear Ms. Young,

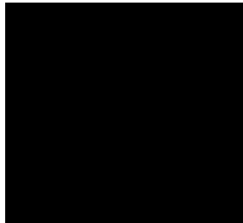

**RE: Seitel Canada's East Coast Offshore Seismic Program 2016-2025,
Environmental Assessment Addendum**

Seitel Canada Ltd, with the assistance of our consultant, LGL Limited, has completed the preparation of responses to comments provided by reviewers of its Environmental Assessment of the East Coast Offshore Seismic Program, 2016-2025. The comments and responses have been compiled in the Addendum document accompanying this letter.

LGL Limited shall remain the primary consultant with respect to immediate questions or clarifications regarding our EA Addendum. LGL's John Christian shall act as the primary conduit for these matters.

While we kindly request that inquiries related to this EA Addendum be directed to LGL Limited, at no time should you hesitate to contact me for further information.

Sincerely,

Vice President, Business Development
Seitel Canada Ltd.
