Ms. Elizabeth Young  
Director of Environmental Affairs  
Canada-Newfoundland and Labrador Offshore Petroleum Board  
5th Floor, TD Place  
140 Water Street  
St. John's, NL A1C 6H6

Dear Ms. Young:

**Re: 2020 ALE Deferral - Terra Nova Environmental Assessment Validation  
Report Review**

---

Suncor has reviewed the 2019 Terra Nova (TN) Environmental Assessment Validation Report (August 2019), in conjunction with the deferral of the 2020 Terra Nova Asset Life Extension (ALE) program. The ALE is a temporal extension of the life of the Terra Nova Field, and scope deferral is not considered to pose any additional project environmental effects. The assessment of effects in the original EIS remain valid, in accordance with the environmental assessment validation report.

If there are any questions, or if you would like to discuss Suncor's response in more detail, please feel free to contact Trudy Wells by telephone at 778-3615 or by e-mail at [trwells@suncor.com](mailto:trwells@suncor.com).

Regards,

Tiger Govender  
Director, Terra Nova Operations
