Ms. Sigrid Kuehnemund  
Marine Environment and Habitat Management  
Department of Fisheries and Oceans  
PO Box 5667  
St. John's, NL A1C 5X1

Dear Ms. Kuehnemund:

**Re: Terra Nova Vertical Seismic Profile Program  
Environmental Assessment (CEAR 06-01-18277)**

---

In response to comments on the environmental assessment report for a vertical seismic profiling program at Terra Nova, Petro-Canada submitted a revised environmental assessment report. The revised EA report addresses comments received from the Department of Fisheries and Oceans, Environment Canada and C-NLOPB staff regarding the June 2006 EA report.

Enclosed is a copy of the revised EA report and a response-document, which discusses how each comment was addressed in the revised EA report. Please review the response-document and indicate if your department's comments have been addressed satisfactorily. Please forward your response no later than November 28, 2006.

If you have any questions regarding the revised environmental assessment report and response document, you may contact me (709-778-1431 or [kcoady@cnlopb.nl.ca](mailto:kcoady@cnlopb.nl.ca)) at your convenience.

Yours truly,

*Original Signed by K. Coady*

Kim Coady  
Environmental Assessment Officer
