Dear Mr. Maclean

Re: White Rose Extension Project, CEA Act Environmental Assessment, CEAR #12-01-68249

The Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB), in consultation with the Board's fishery and environmental review agencies, have reviewed White Rose Extension Project (Stantec Consulting Ltd. December 2012).

The EA document does not satisfy all of the information requirements outlined in the Scoping Document provided to Husky Energy on December 18, 2012. In order to satisfy the requirements of the *Canadian Environmental Assessment Act* and to complete the Screening Report, the attached comments must be addressed.

You may contact me at your convenience to discuss these comments. I can be reached at (709-778-4232 or by email at eyoung@cnlopb.nl.ca
