Dear Ms. Young:

Re: Husky Energy White Rose Extension Project Environmental Assessment Report Addendum CEAR# 12-01-68249

Please be advised that Fisheries and Oceans Canada (DFO) has reviewed the above noted report and offers the following comments.

Husky Energy has indicated, for numerous DFO comments, "Comment Noted. Thank you." While this type of response may be appropriate in cases where DFO is offering advice related to regulatory responsibilities or next steps in the review process, it is not appropriate where DFO has addressed errors, asked for additional information or clarification. Each comment should be appropriately addressed. Please see the attached table of DFO responses.

If you have any questions or comments please contact me by phone at 772-8889 or by e-mail (jason.kelly@dfo-mpo.gc.ca).

Sincerely,

Jason Kelly Senior Fisheries Protection Biologist Fisheries Protection Program
