Attention: Mr. Dave Burley

Dear Mr. Burley:

Subject: White Rose Extension Project (WREP) – Environmental Assessment (EA)
Addendum CEAR, #12-01-68249

In response to the WREP EA review comments from the Canada-Newfoundland Offshore Petroleum Board (C-NLOPB) and provincial and federal agencies received on March 15, 2013, please find enclosed 22 paper copies and 26 electronic copies of the White Rose Extension Project Environmental Assessment Addendum.

We believe the WREP EA Addendum fulfils the requirements of both the *Environmental Protection Act* and the *Canadian Environmental Assessment Act* (S.C. 1992, c. 37), as an Environmental Preview Report and screening level assessment, respectively.

Husky very much appreciates the efforts of the C-NLOPB and the Newfoundland and Labrador Department of Environment and Conservation to coordinate a single harmonized environmental assessment review process.

If you have any questions regarding the enclosed, please contact David Pinsent at (709) 724-3997. We would be pleased to meet with you to clarify any outstanding review comments.

Yours sincerely,

HUSKY OIL OPERATIONS LIMITED

Don F. Williams
