Dear Ms. Young:

**RE: Husky Energy's White Rose Extension Project Environmental Impact Statement - Addendum** **EAS 2012-121E**

---

As requested in your letter of April 23, 2013, Environment Canada has reviewed the Addendum to the Environmental Assessment Report for the White Rose Extension Project. Our comments are attached.

In its response the Proponent has often indicated "Comment Noted" in response to EC commentary. The meaning of this response is not clear and reviewers were unable to evaluate how or whether their concern has been addressed. We are indicating "Non-Responsive" in such cases and request a proper response.

There is also an additional comment (Section 14.5.8) not included in our initial commentary. It is hoped that the Proponent will address this comment in its revised response.

If you have any questions, do not hesitate to contact me at 902-426-5845 or Glenn Troke (709-772-4087, Glenn.Troke@ec.gc.ca) who is coordinating the department's participation in the environmental assessment.

I trust that this is satisfactory.

Best regards,

  
Jeffrey Corkum  
Manager, Environmental Assessment and  
Marine Programs  
Environmental Protection Operations Directorate
