Subject: ANP

Hi; I attended an information session at Port Aux Basques on Sunday... during a conversation I referred to the ANP which is a third party inspection unit operating off Brasil.

This is a Brazilian government inspection service to ensure the rigs operating there are complying with regulations and maintained in good operating condition, it is my opinion that a similiar organization be developed here in Canadian waters.

You can see the reference to the ANP at this site ;  
[http://www.rigzone.com/news/article.asp?hpf=1&a\\_id=121064](http://www.rigzone.com/news/article.asp?hpf=1&a_id=121064)  
I believe it would be to the benefit of all concerned to monitor the rigs and companies operating within Canadian jurisdictional waters.  
Regards.
